

General Endowment Fund

Generous donors, careful stewardship, and expert investment management have created the platform for the next chapter in fulfilling IBA's mission. The enduring legacy of endowment donors, along with the impact of IBA giving, is transforming IBA. Thanks to gifts that support scholarships and internships, IBA continues to attract top students regardless of their financial means.

Endowments designated to support the general purpose of the institute enhance our agility in addressing top priorities and responding to emerging opportunities in curriculum, research, global engagement, and the student experience.

Unrestricted endowments allow the Institute to address challenges and opportunities as they arise.

IBA manages its general endowment through one commingled pool. This pool is governed by investment policies approved by The Friends of IBA Trust (FIBAT).
