

Scholarship Fund

Vision: No student will be denied education due to lack of funds.

Many individuals, businesses and philanthropic organizations provide scholarships to needy students. Although generous scholarship schemes such as HEC-USAID, HEC-JICA, Sindh Endowment Fund and IBA's own scheme are administered according to their own terms and conditions, a large number of anonymous and named scholarships have become available in the recent years

All these amounts are put together in form of a Scholarship Fund out of which the IBA Scholarship Committee makes allocations.

The income distributed for programmatic spending from Scholarships fund is communicated through quarterly reports, produced and disseminated widely via the website and portal of IBA.
