

## Talent Hunt Program

What could be better than encouraging and enabling young people to fulfil their potential? Bright, motivated and able students should be able to complete their studies to their best of their ability – regardless of their financial circumstances.

The National and Sindh Talent Hunt Programs were launched with the objective to prepare high achieving students from the less-privileged regions of the country for the IBA's aptitude test for BBA and BS degree programs.

They are an eight-week intensive, merit-cum-need-based orientation programs, designed to train students mainly in the areas of English, Mathematics and Presentation and Interviewing skills. Upon successful completion of the Program, trainees appear in the IBA's aptitude test for BBA and BS degree programs. Once enrolled in IBA, students are provided scholarship (Depending upon the need criteria of student) for the entire duration (four years) of the concerned program. The scholarship comprises boarding and lodging, tuition and other fees charged by the IBA, along with a monthly stipend.
